The Baseball Bat includes two AA batteries.
The Baseball includes two AAA batteries.
Please see the user's guide for replacement instructions.

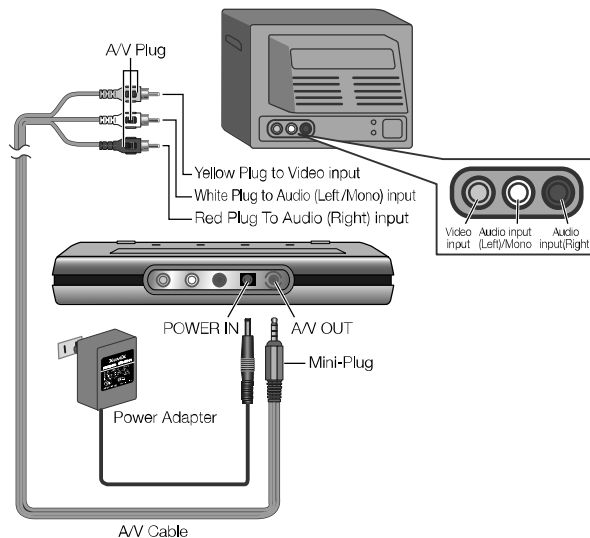

- ① Infra-Red Transmitters
- ② Grip
- ③ Wrist strap
- ④ Adjuster
- ⑤ Buttons

Use the buttons for selecting items on the screen and types of pitches. These buttons also double as the CANCEL and ENTER Keys.

Insert your hand into the wrist strap.
Slide the adjuster towards your hand to tighten.
Slide the adjuster away from your hand to loosen.

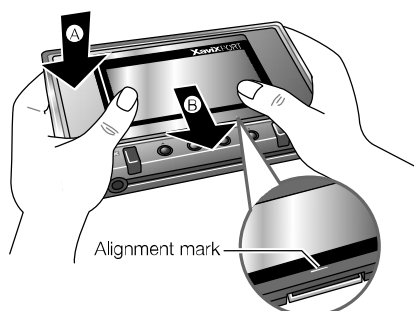

2 Setup XaviXPORT.

Please be sure that the A/V mini-plug is firmly inserted into the back of the XaviXPORT.

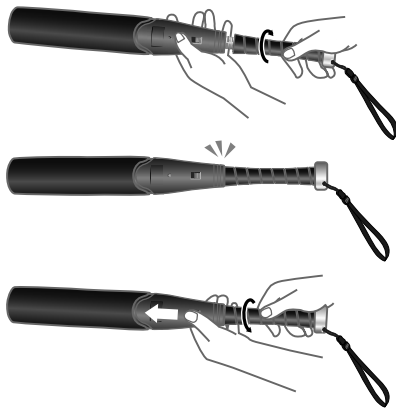

*XaviXPORT typically sold separately unless clearly indicated on the package that the PORT is included.

3 Insert System Cartridge.

INSERT the cartridge into the PORT and slide the cartridge towards the front of the PORT. Press the PORT power switch and check to be sure the green power light is on.

4 Assembling the Baseball Bat. Remove the battery insulation tape.

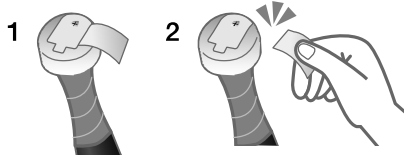

1. Insert the screw section of the Baseball grip into the hole in the end of the Baseball Bat.
2. Turn the screw section as far as it can go. You will hear it click into place. The two parts are now assembled.

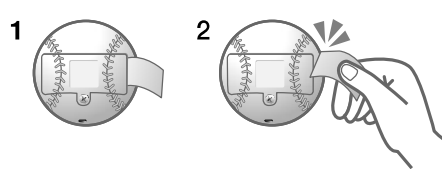

To dismantle the Baseball Bat, push the button upwards and follow the above procedure in reverse.

 When assembling the bat, tighten firmly. Do not over-tighten. This may break the plastic and cause the bat head to fly off.

Baseball Bat

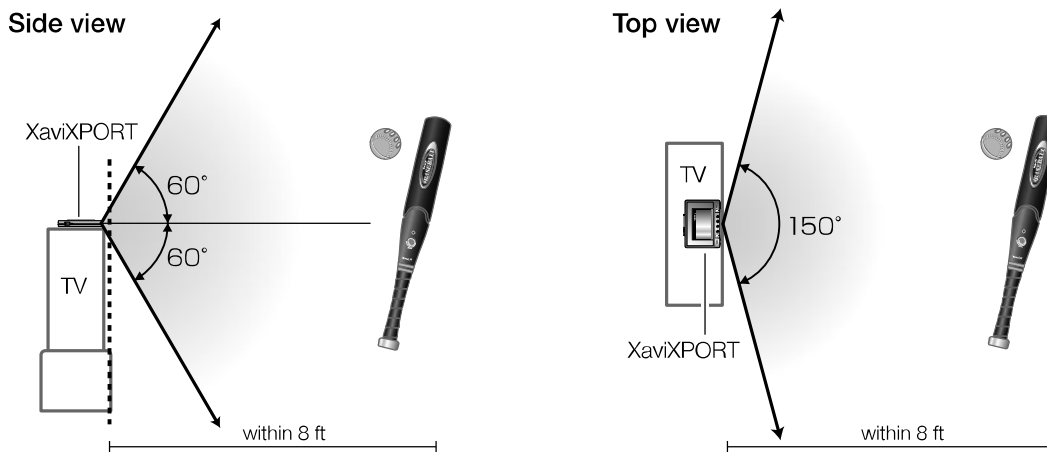

Baseball Ball

To start using the Baseball Bat and Ball, remove the insulation tapes.

How to play Baseball

1 Distance and Angle.

We recommend the above interactive distance and angle.

 Do not point the remote control of a TV, at the XaviXPORT. Doing so might cause it to malfunction.

To ensure the safety of yourself and others, please allow adequate space to accommodate a full swing or pitching motion.

2 Enjoy "XaviX BASEBALL".

For further details, refer to the "XaviXPORT User's Guide" "XaviXBASEBALL User's Guide".
